Subject: Grant Opportunity: Wisconsin Schools Go Outside Fund

The Wisconsin Environmental Education Foundation is excited to announce the launch of our Wisconsin Schools Go Outside Fund (GO Fund) <<http://bit.ly/1OJIwTv>> thanks to funding from the Wisconsin Environmental Education Board. Teachers in Wisconsin schools, including early childhood educators, may apply to the Wisconsin Environmental Education Foundation's GO Fund pilot program to receive funding for outdoor forestry education field experiences that support topics currently being taught in the applicant's curriculum. Teachers of all grade levels and subject areas are encouraged to apply no later than November 15, 2015 at midnight. Staff at the field study site location may apply on behalf of the teacher with the teacher's permission. An overview of the program is attached, including an outline of questions on the online application. Thank you for helping us spread the word by sharing this message and/or links with your networks. Information can also be found on our homepage at www.WisconsinEEfoundation.org <<http://www.WisconsinEEfoundation.org>>.

We want every student in Wisconsin to go outside to learn and play. If you want to help us make this happen, you can contribute to the GO Fund through a partnership with your organization or through an individual contribution. "Buy A Seat on A Bus" for as little as \$15, or become a GO Fund Sponsor for \$500 or more. Click here to donate now <http://www4.uwsp.edu/cnr/weef/contribute/go_fund.aspx> or contact jesse.haney@wisconsinEEfoundation.org for more information about the GO Fund and Sponsor Benefits.
